

Turkey Valley Preschool

HOME VISIT INFORMATION (RETURN WITH REGISTRATION MATERIALS)

Each preschool family is expected to schedule a home visit. Home visits need to take place before the start of preschool. A home visit consists of your child's teacher and possibly the classroom para-educator visiting your home to get to know your child and your family and for your family to meet the classroom staff. We will collect information on a variety of topics regarding your child. Examples of topics are: your child's development from birth to present, past and present health needs, likes, and interests. This is also a great time to share any concerns or questions you or your child may have about preschool. The home visit typically takes about 45 minutes. Your child's teacher will be contacting you in August to schedule a home visit for your child. Home visits will take place at the end of August. This form provides your child's teacher with information to help schedule your home visit.

Date: _____

Child's Name: _____

Parent(s) Names: _____

Physical Address (911 or House Number with Street and Town):

Preferred Contact Information for Home Visits:
